CONDITION VIOLATED

The defendant shall refrain from any unlawful use of a controlled substance. The defendant shall submit to one drug test within 15 days of release from imprisonment and at least two periodic drug tests thereafter, as directed by the probation officer.

NATURE OF NONCOMPLIANCE

Mr. Humphries tested positive for, or admitted use of, Cocaine on five occasions between March 24, 2010 and June 9, 2010.

U. S. Probation Officer Action:

In the latest modification filed on May 20, 2010, the probation officer requested electronic monitoring as a sanction for four positive tests/admissions for use of cocaine. The probation officer recommended the security of electronic monitoring as a deterrent against further cocaine use. The electronic monitoring was scheduled to commence after Mr. Humphries was released from the inpatient treatment program at Addiction Recovery Care Association (ARCA), Winston-Salem, NC. Mr. Humphries completed a two-week treatment program at ARCA and was released on May 29, 2010.

On June 9, 2010, Mr. Humphries signed a written admission that he had relapsed and used cocaine, on June 7, 2010.

The probation officer is notifying the Court, through this document, of Mr. Humphries' fifth use of cocaine just after the Court approved the sanction (modification filed May 20, 2010) for electronic monitoring. The probation officer is now recommending that the Court allow the probation officer to proceed with the installation of the electronic monitoring despite this additional cocaine use. At this time, Mr. Humphries is also attending intensive outpatient substance abuse treatment twice per week, through random urine testing the probation officer can detect future cocaine use and will notify the Court should the need arise.

Respectfully submitted.

Sr. U.S. Probation Officer
